Dear Students,

Welcome to our DDUC Parivaar!

As the new academic session starts off, our commitment to usher in new ideas, guide students in achieving their goals, and secure the future of this country grows stronger. The competition each one of us faces today is immense as well as complex. It has become a prerequisite to focus on multiskilling, creating a vast talent pool, and transform our students into men and women of thought and action. To accomplish this, we have designed the learning and teaching process in a manner that our students acquire the ability to navigate through the winds of change in a sustainable, responsible and inclusive manner.

Established in 1990, our college is named after Pandit Deen Dayal Upadhyaya, a visionary thinker, author, translator, reformer, journalist and leader, all rolled into one. Deen Dayalji stressed that education should focus on fulfilling the needs of the body, mind, intellect, as well as the soul. This is necessary to achieve holistic progress of students. Our college inculcates in students core values like compassion, honesty, dedication towards the nation and makes them responsible citizens. At our institution, a seamless balance between academic and co-curricular activities is ensured to promote lifelong learning. The College has 26 societies that you can be a part of, learn life skills and groom your personality. Our laurels in sports are well known. Our green campus and award-winning infrastructure complete this picture. I feel proud to share that our college is ranked among the top institutions of the country. In the National Institutional Ranking Framework (NIRF 2025) ranking, released by the Ministry of Education, Government of India, our college has been ranked as the 27th best college in India. In India Today MDRA Ranking for the year 2026, our college has secured 13th in science, 18th in Commerce, 10th in Management and 39th position in Arts colleges in India respectively. We have 350 desktops, 220 laptops and well-equipped 20 laboratories with smartboards. We believe in the democratization of knowledge and social outreach programmes. Our college has collaborated with schools located in remote areas and we conduct workshops for skill building of their teachers. By adopting this practice, we contribute to the overall development of society. I congratulate all the students who will become a part of this journey of technology-enabled processes and digital innovation and will make a difference in the world.

My best wishes for your bright future!

CAREER COUNSELLING AND PLACEMENT CELL

During the academic year 2025–26, a wide spectrum of career opportunities for students were enabled, reflecting strong industry engagement across multiple professional domains. The placement season received participation from reputed recruiters including Crowe LLP, Preferred Square, DeltaX, Codeyoung, ICICI Bank, Maruti Suzuki, and HDFC, offering roles spanning audit, business analytics, digital marketing, business development, banking, and operations. Competitive compensation packages were bagged by our students, with the highest offering BNM Solutions at INR 10 LPA, and followed by lucrative offers from Codeyoung and Maruti Suzuki. The mean CTC offered was INR 7.18 LPA while the median CTC was INR 7 LPA. A significant number of students secured roles in established organizations like ICICI Bank and HDFC, demonstrating consistent placement momentum and continued efforts by the placement team in building strong corporate relations.

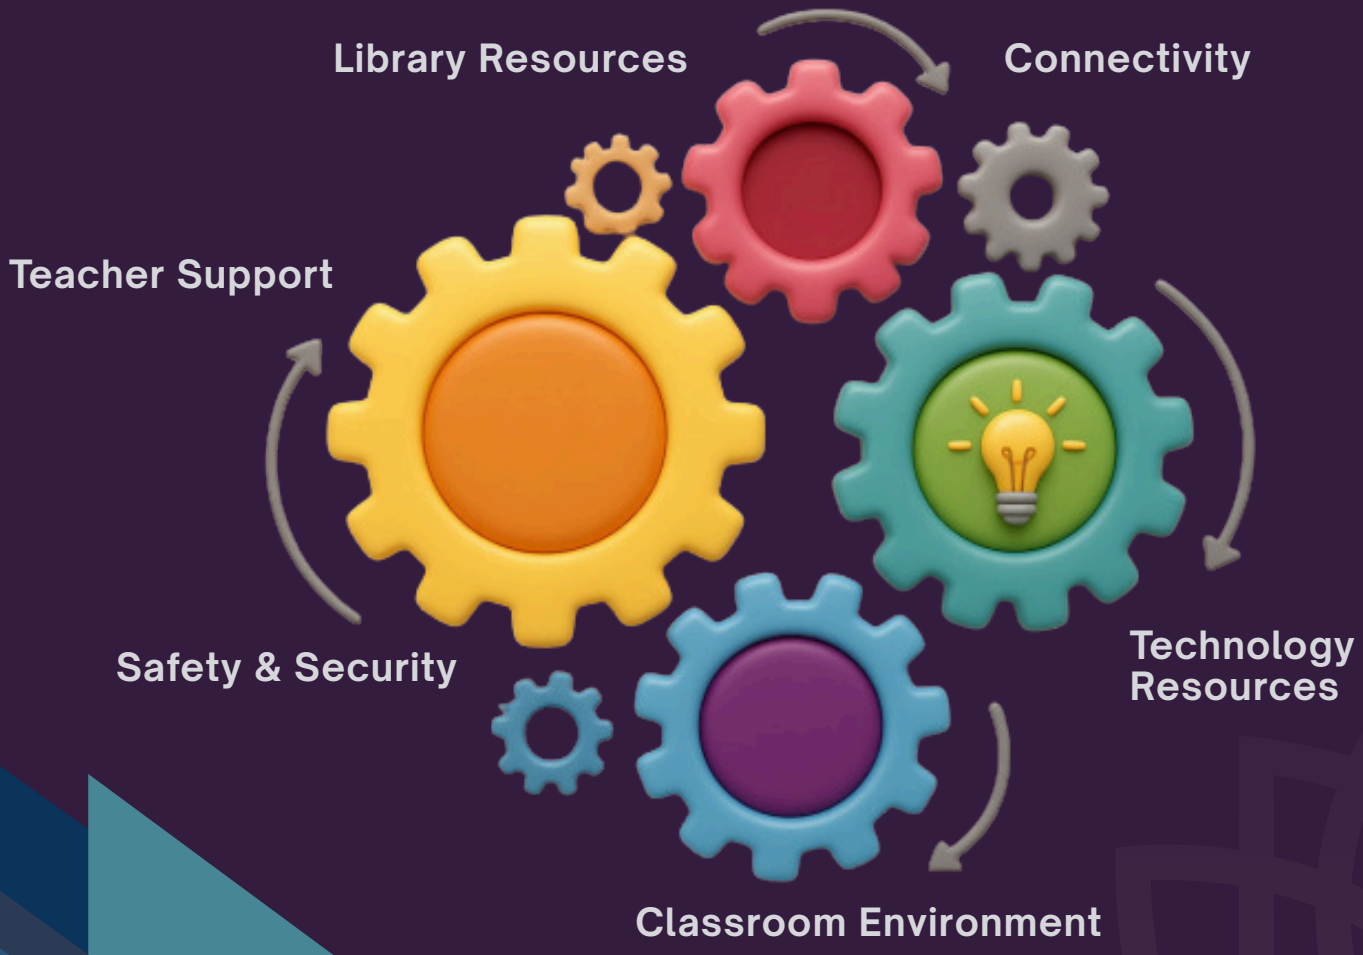

A career fair was organised in collaboration with Learning Links Foundation and NCWEB DDUC Chapter, on January 22, 2026. The fair witnessed participation from seven companies and footfall of 200+ students. The placement cell organized the 6th edition of its annual Hybrid Job and Internship Fair on March 24th (offline mode) and March 25th (online mode). With participation from 60 companies and 690+ student registrations, this year the internship fair encompassed a diverse set of recruiters and helped to create valuable connections. The offline segment, held on campus, saw active engagement from twelve companies, offering face-to-face interactions, interviews, and corporate presentations. The online segment significantly broadened the reach of the event, featuring over fifty companies and enabling students to apply for opportunities remotely.

A range of seminars and workshops were conducted which focused on skill training, CV vetting, and LinkedIn optimization. Notable sessions included a workshop on CV building and interview preparation by Mr. Srijan Gupta and Marketing Prinik, providing insights into crafting impactful resumes and cover letters. Another key session on MBA Preparation and Personal Branding was held by Amazor Talks, guiding students on B-school selection and online presence. Additionally, a session titled ‘College to Corporat’ was conducted by Mr Harshit Rastogi (Goldman Sachs). Special Moderation For A Single Left-Over Paper and Span Period For Completion of Degree Under NEP vide EC (1269) Resolution No. 57 (57-1) Dated 08-03-2024

Resolved that the provisions for special moderation of 10 marks in respect of students who have a single remaining paper to complete the course be accepted.

Note:

1. There is a provision of span period for completion of degree programmes in the University within which students must complete their degree programs. With the implementation of the NEP UGCF-2022, there is now some relief available for students who are unable to complete the degree course within the specified span period. In such instances, they are eligible to receive a certificate or diploma, as applicable, even if they fail to complete the full degree program. Furthermore, here, a span period of 7 years is provided for degree completion.

2. In case a student who have passed all course requirements except for a single paper, due to the adverse circumstances faced by him/her, the entire duration of time spent in pursuing the course is wasted. In such cases, the University may consider granting special moderation for a single left-over paper to the extent of a maximum of 10 marks.

3. This special moderation may be in addition to any moderation already applied to that paper. This provision may exclusively be made applicable for students who have passed all course requirements except for a single paper, preventing them from completing the Degree, subject to the satisfaction of the University after careful consideration of the reasons submitted by the student. This special relief may be extended even to students who have exhausted all their opportunities for special chance examinations as granted/as may be granted by the University.

Directives issued by the Hon'ble Supreme Court of India on Anti Ragging

Reference: Directives of the Supreme Court of India dated May 16, 2007 in SLP No(s) 24295 of 2006 University of Kerala vs. Council, Principal's, Colleges, Kerala & Ors (with SLP(C) No. 24296-99/2004 & WP. (Crl) No.173/2006 and SLP(C) No. 14356/2005) and Civil Appeal No. 887 of 2009 dated May 8, 2009.

The Hon'ble Supreme Court of India admitted and heard the above referred SLPs in relation to the menace of ragging in Technical Institutions/ Universities/ Colleges in the Country.

In this connection a committee headed by Dr. R.K. Raghavan, Former Director of CBI, for giving specific recommendations on effective prevention of ragging in educational institutions was constituted by the apex court. Accordingly, the Committee had carried out a very detailed study on the various factors contributing for ragging and collected the public opinion. Further, the committee had submitted a detailed report with suitable recommendations and measures required to effectively curb the menace. The recommendations of the Committee were duly accepted and the following directives have been issued to all the educational institutes for necessary implementation by the Hon'ble Court. The Hon'ble Court issued further orders on the 2nd and 3rd report of the Raghavan Committee also.

The salient features of the report / order are summarized below:

I. Factors listed by the Committee

a) Primary responsibility for curbing ragging rests with academic institutions themselves.
b) Ragging adversely impacts the standards of higher education.
c) Incentives should be available to institutions for curbing the menace and there should be disincentives for failure to do so.
d) Enrolment in academic pursuits or a campus life should not immunize any adult citizen from penal provisions of the laws of the land.
e) Ragging needs to be perceived as failure to inculcate human values from the schooling stage.
f) Behavioral patterns among students, particularly potential 'raggers', need to be identified.
g) Measures against ragging must deter its recurrence.
h) Concerted action is required at the level of the school, higher educational institution, district administration, university, State and Central Governments to make any curb effective.
i) Media and Civil Society should be involved in this exercise.

II. Recommendations approved by the Supreme Court

1. The punishment to be met out has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents.

2. Every single incident of ragging where the victim or his parent/guardian or the Head of institution is not satisfied with the institutional arrangement for action, a First Information Report must be filed without exception by the institutional authorities with the local police authorities. Any failure on the part of the institutional authority or negligence or deliberate delay in lodging the FIR with the local police shall be construed to be an act of culpable negligence on the part of the institutional authority.

3. If any victim or his parent/guardian of ragging intends to file FIR directly with the police, that will not absolve the institutional authority from the requirement of filing the FIR.

4. In the prospectus to be issued for admission by educational institutions, it shall be clearly stipulated that in case the applicant for admission is found to have indulged in ragging in the past or if it is noticed later that he /she has indulged in ragging, admission may be refused or he/she shall be expelled from the educational institution.

5. It shall be the collective responsibility of the authorities and functionaries of the concerned institution and their role shall also be open to scrutiny for the purpose of finding out whether they have taken a effective steps forpreventing ragging and in case of their failure, action can be taken; for example, denial of any grant-in-aid or assistance from the State Governments.

6. Anti-ragging committees and squads shall be forthwith formed by the institutions and it shall be the job of the committee or the squad, as the case may be, to see that the Committee's recommendations, more particularly those noted above, are observed without exception and if it is noticed that there is any deviation, the same shall be forthwith brought to the notice of this Court.

7. The Committee constituted pursuant to the order of this Court shall continue to monitor the functioning of the anti-ragging committees and the squads to be formed. They shall also monitor the implementation of the recommendations to which reference has been made above.

8. It is necessary that parents/guardians of fresher's assume responsibility for promptly bringing to the notice of the Principal any instance of ragging.
